PDUG CP/M SOFTWARE

Welcome to the CP/M segement of our Public Domain Users Group. We have adjusted our rental prices so that our members could take advantage of getting the most software for their money by renting our libraries and making their own copies. We can format disks for over 200 CP/M 5 1/4" disk computers (sorry no 8" or 3 1/2" disks for CP/M). The programs are for any CP/M 2.2 or above and most programs will work on most CP/M machines. Also you will note that the costs are highter on CP/M disks due to the higher reformating cost and longer time to copy disks.

PUBLIC DOMAIN USERS GROUP

DON'T READ THIS unless you think FREE (PUBLIC DOMAIN) SOFTWARE just can't be any good.

Many people who are unfamiliar with our group or public domain software are understandably a bit concerned about what all this is about. To help answer these concerns we have included just some of our members comments and a brief listing of just a few of the more recognizable organizations utilizing our services.

"...best deal I ever saw for any kind of software but especially public domain programs. Thanks " Bill Williams

" The PC File + program is even better than the dBase II (for which I paid over $400) and 10 times easier to use. Many thanks to a fine group" W. Mankus

"Your monopoly program for the C-64 is the best game I ever played on my computer... can't believe the whole board is displayed and in color with sound effects...fantastic. Keep me informed of all the new disks... a big fan." James Herbert

"Thanks for the disks, especially your IBM BAKER'S DOZEN ... can't believe all the great programs on it...the print utility is exactly what I have been looking for." Ray Steele

"Your rental program is out of sight...what a deal" J.Childs

"Thanks for your modem7...I have been looking everywhere for a copy that would work on my Osborne." Pete Smith

" Am I ever glad I joined your group. I figured I have already saved over $500 on software. Many many thanks." Sue Barker
